Projects

Local Search & Business Listing Platform	4 months
• Developed a Local Search & Business Listing Platform with business and agent panels, along with a customer mobile app for managing listings, onboarding businesses, and discovering nearby services.	
Dukaan Dekho	1 month
• Developed a responsive e-commerce web app using Next.js with REST API integration, vendor–customer chat, hybrid online-to-offline purchasing, and Google Maps-based vendor discovery.	
Trusted Surgeon	2 months
• Architecture: Built a Turbo monorepo with 3 frontend apps (Next.js public site, React/Vite portal, docs) and a serverless backend, enabling independent deployment and shared code	
Intelli Hub	3 months
• Developed a multi-tenant SaaS CMS platform for franchise management with AI-powered content generation, real-time analytics, and centralized administration for branded website deployment.	
<u>Fresa Health</u>	3 months
• A healthcare management platform for clinics, therapists, and patients. Supports therapy session scheduling, patient journey tracking, treatment plan management, and analytics. Includes role-based access for enterprise admins, clinic admins, doctors, and patients.	
<u>Short Term Rental</u>	4 months
• Developed Short Term Rental , a full-stack room & property booking platform using Next.js, Node.js, TypeScript, and MongoDB .	
<u>Bring Fresh</u>	2 month
• Developed <u>Bringfresh</u> online grocery e-commerce platform focused on delivering fresh fruits, vegetables, dry fruits, and leafy greens to customers' doorsteps.
